

Silhouette - 24" Built-in Beverage Center in Black

FEATURES

- Tap the glass and the exterior capacitive touch interface comes alive. No opening and closing your wine cooler door to adjust settings.
- Increase or decrease the set temperature and watch as the hue of the temperature-guided ring changes to match your favourite beverages with the Temperature-guided ring.
- This All-refrigerator will keep your beer and soda chilled to perfection with temperature ranges from 1°C to 6°C. The all-refrigerator offers 5 cubic feet of storage with space to store up to 105 beverage cans (355 ml) and 5 bottles of wine (750 ml).
- The STAK Organizer, patent-pending design will make you wonder how you ever stored cans and bottles without it. The curved platform cradles up to 12 cans or bottles and ensures bottles won't roll or slide – making it easy to stack multiples on top of each other.
- Two full-depth tempered glass shelves and one half depth shelf allows for the storage of large cartons, bottles, or open bottles of wine.
- Bold parametric lighting fully illuminates the interior to display your contents. Choose between three different settings: Bank, Theater, and Energy Saver mode.
- Self-Closing door — The flush fit design with articulating hinged door integrates seamlessly with cabinets. The door comes standard with a self-closing hinge but in the event the door remains open a temperature alarm will sound. Right and left hand swing available. SRVBC050R & SRVBC050L
- Quiet Operation — 44 decibels

SPECIFICATIONS

Cooling Zones	Single Zone
Width	24 inch
