

Silhouette Reserve - 24"

Built-In Wine Cellar in Black

- Right Swing

FEATURES

- Invisi-Touch Display®: Tap the glass and the exterior capacitive touch interface comes alive! No opening and closing your wine cellar door to adjust settings.
- Temperature-Guided Rings: Increase or decrease the set temperature and watch as the hue of the temperature rings change with corresponding varietals. Choosing the optimal temperature for your wine has never been easier.
- NEK Cradle: Store up to 37 bottles with the unique NEK storage system. The NEK cradle props the front row of bottles at the perfect pitch to allow the back row of bottles seamless nesting regardless of shape or size.
- Organic Maple Shelves: Clear maple dowels combine with the NEK system to cradle the wine.
- Parametrical Lighting: Bold parametrical lighting fully illuminates the interior to display your wine. Light diffuses evenly on sides, top, and bottom showcasing your full collection. Choose between three different settings: Bank, Theater, and Energy Saver mode.
- Dual Chamber: Two distinct and separate chambers allow for simultaneously storing white and red wine at different temperatures allowing for versatility and enjoyment of your collection. Set the temperature for each chamber between 41°F to 64°F.
- Self-Closing Door — The flush fit design with articulating hinged door integrates seamlessly with cabinets. The door comes standard with a self-closing hinge but in the event the door remains open a temperature alarm will sound. Right and left hand swing available.
- Quiet Operation — 44 decibels

SPECIFICATIONS

Cooling Zones	Single Zone
Width	24 inch
