

PRAGUE

24" Single Zone Beverage Centre - SSBC056D1B

PRODUCT FEATURES

Luxury, Obstruction Free

The zero-clearance hinge system on this unit makes for a flush fit integrated built-in that will blend seamlessly with neighbouring cabinets. Surrounding surfaces will also be safe from bumps and nicks due to this ingeniously designed door system.

Stylish & Sound Shelving

Stainless Steel trimmed black wire shelves assist with cold air evenly dissipating throughout the cabinet for rapid cooling of beverages.

Safeguarding Coolness

The alarm system works to ensure your beverages are continuously stored at the ideal temperature. An alert will gently sound if the door is not securely closed or when the temperature gets higher than your desired setting, so you can always be sure your drinks are perfectly chilled.

Never Be Left in the Dark

The true, blue LED track lighting that illuminates the interior of this unit exquisitely displays your beverages without any damaging heat. This feature can be turned off or off at your leisure, so your selection can be in the spotlight or more discreetly displayed.

*Where some see room for an appliance;
We see room for an experience*
